AFRICA INLAND MISSION

SHORT TERM TEAM OPPORTUNITIES 2018

THE FUEL PROGRAM

AN IMMERSIVE 8-WEEK MISSION TRAINING PROGRAM

FUEL is an 8-week program intended to help lay a foundation for full-term cross-cultural ministry. Conducted in partnership with other like-minded mission agencies, FUEL focuses on equipping participants with the tools they'll need to minister in hard-to-reach areas. In this immersive program, you'll live and breathe missions - both academically and practically. You will engage within the local community and learn first hand what missions actually looks like. Each team member will be partnered with a national missionary. Together you will share in the ups and downs of ministry and day-to-day life, and learn more of who you are in Christ, and the part you can have in making Him known among the nations.

WHO CAN SERVE?

We're looking for 4 to 6 single men to serve through FUEL.
