

AFRICA INLAND MISSION **SHORT-TERM OPPORTUNITY**

ABO Children's Program // 2020

The Team

What will I do?

AIM's new Full-Term missionaries begin their service with a three-week Africa Based Orientation (ABO) in Kenya.

While parents enjoy the adult orientation, their children also enjoy a structured children's program designed to immerse them into life and ministry in Africa at an age-appropriate level.

Participants in the ABO children's program have the opportunity to invest in the lives of children as they transition to life in Africa with their families, and have a hand in giving these children a rich and meaningful introduction to their new home.

Who can serve?

3-4 people who love children and teenagers

How much support will I raise?

\$4,000 USD
