

AFRICA INLAND MISSION **SHORT-TERM OPPORTUNITY**

FUEL // 2020

The Team

FUEL is a 6 to 8-week program intended to help lay a foundation for full-term cross-cultural ministry. FUEL focuses on equipping participants with the tools they'll need to minister in hard-to-reach areas.

In this immersive program, you'll live and breathe missions - both academically and practically. You will engage within the local community and learn first hand what missions actually looks like.

Each team member will be partnered with a national peer participant. Together you will share in the ups and downs of ministry and day-to-day life, and learn more of who you are in Christ, and the part you can have in making Him known among the nations.

Where can I serve?

For 2020, we have got a six week program in Madagascar, and an eight week program in Uganda.

Who can serve?

We're looking for 4 to 6 single men to serve through FUEL.

How much support will I raise?

\$4,000 to 5,500 USD

FUEL focuses on equipping participants with the tools they'll need to minister in hard-to-reach areas.

Team Locations/Dates

Uganda

Mid June to mid August 2020

Nosy Be, Madagascar

July to mid August
