Western Chad Team

Wide Open Doors to Serve Among an Islamic People Group in Western Chad

The Opportunity

AIM is seeking to begin a new work in western Chad among an unreached people group numbering more than 700,000. We have an unprecedented open door with the local community and many possible ministry avenues through which to engage, **including:** *Teaching English, computer, music, drama, and sports through the community center; Teaching English in local primary schools; Serving at the local hospital, which has a great need for medical personnel.*

Ultimately, AIM would like to see the formation of a full ministry team here, beginning with a qualified team leader. But some of these open doors are accessible even before a team is established. The vision for this outreach is to embrace the community, build genuine relationships, and share Christ in both words and actions. Chad has more unreached people groups than any other nation where AIM works. And this community is one of the largest of those UPGs. Join us for the start of something new and, God willing, something *big* for His kingdom.

Experience and Qualifications

French language skills would be required for a team leader position, as well as anyone doing ministry before the formation of a full team. Team members would be focused on learning the local dialect. Each ministry avenue may have unique requirements for qualifications and experience.

Personal Characteristics

Ability to thrive in a cross-cultural ministry setting. A 'team player', resilient, consistent walk with God, and able to cope well in a harsh climate.

Ministry Dates

Immediate and open ended

Location

Undisclosed town in western Chad
