

# Theological Trainer

Africa Inland Mission's team in the Democratic Republic of Congo (DR Congo) seeks to serve, support, and disciple our Congolese brothers and sisters. As a Theological Trainer, you'll have a part in this work of equipping leaders and emerging leaders for ministry.

Our objective is to equip church leaders for ministry. The students either already are church leaders (seeking further education), or will be directly following graduation as they are assigned to their posts as pastors, evangelists, missionaries, etc. Students also go on to serve as chaplains in medical facilities, secondary schools, prisons, army camps, and police stations.
