

AFRICA INLAND MISSION **FEATURED OPPORTUNITY**

Paris City Outreach Team

Be a Light for Christ in the City of Lights

The Opportunity

As part of the Paris City Outreach Team you'll work in partnership with ReachGlobal and AIM. Our desire is see Paris transformed by the gospel in every pocket of society: from atheists to Muslims, fashion designers to engineers, and locals to refugees. AIM's part is to ensure that unreached Africans in Paris have a viable witness leading to reproducing disciples. Team members live in different neighborhoods, learn language alongside immigrants, and seek opportunities for disciple-making, casting vision, and partnering with national believers.

Our team values:

TEAM - We work together to encourage, pray for, and strengthen each other to be lights wherever God plants us.

LEARNING - We learn both individually and together as a team in our ongoing pursuit of understanding French culture, speaking the French language and working toward best practices in ministry.

SERVANT LEADERSHIP - We strive together to be servant-leaders as we cheer on and cultivate leadership skills in our teammates. We are willing to mentor others and be mentored.

OUTWARD FOCUS - We recognize we cannot and should not try to reach this city alone. We will continuously seek out other missions, churches, and local Christians for like-minded partnerships.

Qualifications and Characteristics

Required for serving on this team: Degree or diploma (needed for visa purposes). Desired: Practical or Professional skills. Previous cross-cultural experience. Must be passionate about disciple-making, casting vision, and partnering with national believers.
